GFL COVID-19: Guidelines for Safe Garbage Disposal

As waste collectors continue to work hard, there are steps you can take to protect **them** and **your community as a whole**. Please consider our workers and **practice the following steps to SAFELY dispose of your waste**.

1. BAG and SEAL your garbage

- Place garbage securely in sealed bags (with no holes). Please note we cannot collect loose items at this time.
- If your container has a lid, ensure it's **fully closed** to avoid loose windblown items.

2. **DO NOT** place used tissues/ napkins/ wipes, etc. loose in ANY CONTAINER

- Items for cleaning or personal use (including masks and gloves) **MUST** be disposed of in tightly-sealed garbage bags and placed **in the garbage ONLY**.

3. If you're sick, bag it TWICE

- If you, anyone in your household, or anyone you've been in contact with is sick, place your garbage in a bag, then put that bag in a second bag. **If in doubt, bag it twice!**

4. Leave SUFFICIENT SPACE at the curb

- Ensure **at least 4 ft** of space between your containers and any obstacles (such as vehicles) so our collectors don't need to manually handle them.

5. SANITIZE

- Wipe down your containers. **This is especially important if you've touched them.**

6. Practice SAFE disposal of household hazardous waste (HHW)

- HHW such as chemical cleaning products **should NOT be placed in the garbage**. For guidance on safe disposal, check your local/municipal HHW collection program.

Minute with the Mayor April, 2020

As we all adjust to the social distancing and isolation that has been instituted during the covid-19 pandemic business at the Town continues.

We would like to thank you for your understanding in regards to the restrictions at the Town Office. Please remember there is always someone in the office to answer your questions by phone or email.

Town Council meetings have continued with restricted number of members in attendance for signing purposes. The remaining Councillors have called into the meeting. In all my years on Council I have never been part of so many meetings which took place in this format.

We have also established measures for the Public Works to follow to ensure social distancing and protection of workers. There are many projects which can be completed which sometimes get neglected for the regular tasks of the day. So it has been an opportunity to get some of these completed.

The 2020-2021 budget process was started on Tuesday morning at 9:30 am. The process was done in person in the Seniors Centre adhering to the guidelines outlined by Saskatchewan Health. The initial four-hour discussion set in motion many aspects for spending in the town. The review of projects completed last year and the continuation of projects started last year were discussed. The Town is committed to improving infrastructure and the roads in the community. The budget should be finalized at the April 20th meeting. When the budget is completed I will outline some of the spending priorities for the coming fiscal year in the Minute with the Mayor.

The Town has decided to cancel the 2020 Community Day celebration. It was a difficult and hard decision to make but it falls within the lines of recommendations in regard to social gatherings. Though April seems like a long way from June it was decided because of the time and effort for planning and the uncertainty in the situation we all face the Town really had no choice but take this action. We look forward to planning for the 2021.

I encourage you to submit questions or concerns that you would like addressed in the next Minute with the Mayor in May. Simply drop the question off at the Town Office or email me directly at steven_turnbull@hotmail.ca. You can also check out my Facebook page at Mayor of Lashburn Steven Turnbull.
